

ACNEM is proud to host a free lecture for healthcare professionals

Mouth to Mouth

Presented by Dr Ron Ehrlich, BDS (Syd Uni), FACNEM (Dent)

7pm to 9pm, Friday 25 November
Oaks on Collins, 480 Collins Street, Melbourne

In this presentation Dr Ron Ehrlich will discuss how the form and function of the oral cavity impacts on airway, breathing and posture as well as the predisposition to oral and many other diseases.

We have evolved with 32 teeth, ideally placed in well formed arches, free of disease, yet in our modern society 80-90% of the population have insufficient space for them, and gum disease and tooth decay are two of the most common infections.

What implications does this have on the form and function of the oral cavity as a gateway to the respiratory and digestive tract? Drawing on nutritional anthropology and the latest scientific research Dr Ehrlich will discuss how these changes have impacted on breathing, sleeping, posture and oral disease.

Please join us for an enjoyable evening in the company of like-minded healthcare professionals, starting at 7pm for refreshments, followed by the lecture from 7.30pm and the ACNEM Annual General Meeting from 9pm (all welcome).

Dr Ron Ehrlich, BDS (Syd Uni), FACNEM (Dent)

Dr Ehrlich graduated in Dentistry from Sydney University in 1978 and is the founder of the Sydney Holistic Dental Centre. He has been in private practice in the Sydney CBD for 30 years. His particular interests include the treatment of headaches, biocompatible dentistry, oral

infections, nutrition, posture and their effect on health and wellbeing.

Ron has undertaken research at UNSW, written papers and articles, appeared on radio and TV, was a contributing author in "Complementary Therapies in Dentistry" (Nutrition chapter), Butterworth-Heinemann Publishers 1998, and is a Fellow of the Australasian College of Nutritional and Environmental Medicine (ACNEM). He has presented at conferences and delivered his course, "Holistic Healthcare- a dental perspective" in the UK and Australia.

Seating is limited. To reserve your place please RSVP by Wednesday 23 November to (03) 9597 0363 or mail@acnem.org.
